Bogstown appears on the Ordnance Map in the townland of Tromaty, Parish of Mouille Upper.

The C.R. of 1851 for this townland have been searched but no return for a family of T.R.S. was found. A return was however found for a household of John Steel aged 22 unmarried living with a sister Mary Ann &

brother James. You will be able to ascertain from Mrs Docherty whether this is her father. If so, it is clear that she must be under 66 years of age, as her father was not ^{yet} married in 1851.
