

As you have been informed in our letter of the 16th inst the Census Returns 1851 for Derrysibbeen were searched and a return found for a family of Anthony & Catherine Graven but the name of a son Anthony did not appear therein. The children appearing in the Return are Thomas, Mary, Pat and Sarah. The age of Sarah in March 1851 was six months. If you were born before her you must have been living with some person other than your parents, if so you should inform us with whom and in what townland. If you were born after her there are no records in this Department suitable for providing evidence of your age. You should endeavour to obtain your baptismal certificate from the parish or church where you were christened
